Easy to create multiple effects
Washable

Fire, Smoke & Explosive hazards

Non-combustible

Toxicity including VOC:

46g per litre

Skin absorption

No evidence of harmful effects from available information. If symptoms occur flush with running water and wash with soap and water. If symptoms persist seek medical attention.

Eye absorption

Avoid contact with eyes at all times as irritation may occur. If contact occurs, rinse eyes thoroughly with water. Seek medical attention if symptoms persist.

Inhalation:

If symptoms occur remove victim to fresh air.

Ingestion

Products are not suitable for human consumption. If consumed and if victim is alert and not convulsing, give ½ to 1 glass of water to dilute the material. Do not induce vomiting. If spontaneous vomiting occurs, have victim lean forward with head down to avoid breathing in vomits, rinse mouth and administer more water. Obtain medical attention.

Packaging

5Litre plastic containers
500ml plastic container sample pots.

Disposal

Product must be disposed of according to local regulations.
Containers must be recycled.

Storage

Protect from frost storing upright in temperatures between 5 and 30 degrees C. Do not freeze.

Mixing

Whisk before use. Add colour tints as required.

Coverage

4 meters sq. per liter.

Drying Time

20 minutes to 1 hour, depending on film thickness.

Application

Varied tools such as spatulas, trowels, rollers, sponges or any tool which the artist or decorator feels will achieve a desired texture.

Substrate

Any interior surface suitable for regular decorating. We recommend our primer is used prior to application of any Walleffects paint product.

For more substrate information please look at our Decorative Paint Substrate document.

Shelf Life

2 years in original packaging.
